**JOAN AND WINDY AT GLENBARD'S 2019 OBEDIENCE TRIAL**

## PRESIDENT'S REPORT by Jim Clarke

The month of August is over and members of Glenbard should be looking forward to September's cooler temperatures, children returning to school and dog training resuming full force. The phrase, "should be looking forward to," is certainly not happening this year. While we can't continue business as usual, many people have signed up for our Puppy and Beginner Classes, and others are taking advantage of the drop-in classes. While everything is crawling at a snail's pace, at least it is a beginning.

I would like to **Thank Director of Training, Liz Hixon; Registrar, Chuck Holtzen; and, Puppy Trainer Extraordinaire, Cheri Nicholas**, for all the time and effort they devoted in order to ensure that the reopening of GABOC ran smoothly on August 3. They spent hours redesigning the floor plan in unfamiliar buildings, entering new information on the website to include class schedules and payment methods, and securing instructors willing to return to rings in these bizarre times.

By all reports, everything ran perfectly. **Thank you again Liz, Chuck and Cheri.**

That was the good news; and, now for the bad news: The Board of Directors has made the decision to cancel the GABOC Obedience Trial scheduled Saturday, October 31 and Sunday, November 1. Treasurer, Donna Eichman, did a cost analysis listing our estimated income vs. expenses and presented her concerns to the Board. Even if we could guarantee 75% of the 2019 entries, we would lose approximately \$3,500. As you know, there is no way to guarantee the entry numbers. The Board agreed that we could not justify such an incredible loss; and, with regret voted to cancel. The following are Donnas' findings. If you have any questions do not hesitate to contact Donna, [desertlab21@yahoo.com](mailto:desertlab21@yahoo.com) or me, [jaclarke134@comcast.net](mailto:jaclarke134@comcast.net).

**General/Board Meeting Change:** Due to the limited capacity of the Hummingbird Restaurant, the meeting scheduled for September 11 has been changed.

# MEETING REMINDER

In order to accommodate everyone the **General/Board Meeting**, date and location has been changed. The meeting has been rescheduled **for Sunday, September 13, 1:00 in buildings 2/3 at the Fairgrounds**. The area is large enough that we will be able to safely social distance. Masks are required.

**Agenda Item:** One of the items that will be on the General Membership agenda is the formation of a Nominating Committee. It is the responsibility of the Nominating Committee to present a

list of candidates who will run for board seats at the October meeting. The Nominating Committee consists of five people. One person will act as Chairman. Please contact me if you are interested – [jaclarke134@comcast.net](mailto:jaclarke134@comcast.net).

# WHAT TO DO DURING A CLASSROOM ZOOM MEETING ACCORDING TO KIDS

- ☐ Start talking about your cat and don't stop.
- ☐ Put your eyeball up to the camera, then make silly faces.
- ☐ If the teacher is on mute, point that out! Loudly!

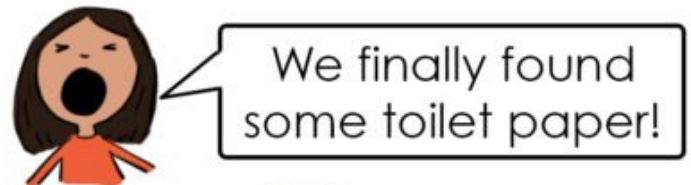

- ☐ Hold random items up for everyone to appreciate.

- ☐ Give a tour of your entire house.

- ☐ Don't concern yourself with "staying on topic."

- ☐ Got a pet? Show it off!

- ☐ Ask the same question at least three times.

- ☐ If needed, pick your nose.

# LAST YEAR'S OBEDIENCE TRIAL

CONGRATS TO JOAN AND MARS

I will teach you in a room.  
I will teach you now on Zoom.  
I will teach you in your house.  
I will teach you with a mouse.  
I will teach you here and there.  
I will teach you because I care.  
So just do your very best.  
And do not worry about the rest.

"Changing behavior  
is not something you  
do casually because  
that behavior has  
value to the animal,  
or it wouldn't be  
doing it."

# TRIGGER STACKING 101

Why does your dog suddenly react? Probably because they have had enough for the day!

## What's a trigger?

A trigger is any addition to the environment that causes your dog to increase their awareness / fear / reaction.

These 'triggers' can stack up and over load your dog causing them to act 'out of character'.

Dogs function better on structure and routine -  
they have daily expectations.

Give them time to relax when the unexpected happens.

Finally, someone  
understands how  
to teach me

1. Roll up a newspaper and keep it handy
2. When you discover a mess I made or something precious I chewed, pick up the newspaper
3. Smack **yourself** on the nose and say "I should have been watching my puppy!"
4. Repeat as necessary.

## What not to eat!

Make sure you keep your dog or puppy healthy and happy by avoiding these FORBIDDEN foods:

- Chocolate
- Grapes and raisins
- Onions
- Garlic
- Nuts and seeds
- Very fatty foods
- Cooked bones
- Caffeine
- Mushrooms
- Nutmeg
- Rhubarb
- Salt
- Xylitol (sugar substitute)

# Green Eggs and Wash Your Hands

## SAY CHEESE!

Capture your pet's best side with these tips.

### TRY A BRIBE

Get your pet in the picture-taking mood with a few treats. Then snap away, holding more treats in your hand near the camera, so your model will look your way.

### SNEAK ATTACK

Come up on your pet quietly with your camera ready to go. Call out softly at the last moment if you want a nose-on shot.

### NATURAL LIGHT

Whenever possible, avoid using a flash to take photos of your pet. Not only can it cause that annoying red eye glare, it can startle your poor pet and ruin your shot.

**Don't worry if every shot isn't picture perfect.**

You say my name like 100 times a day. Sometimes with a happy voice, and other times with an angry voice.

Why are you upset when I don't alert or come after you call me?

I don't get it.

# What is Positive Reinforcement Dog Training?

- Teaching dogs desirable behaviors using SCIENCE-based & REWARD-based methods.
- Helping dogs learn and succeed step by step.
- Motivating dogs with fun exercises and games. No force! No pain!
- Encouraging dogs to think more for themselves.
- Valuing dogs' voluntary behaviors.
- Understanding dogs' feelings from their body language.
- Understanding how dogs learn, their needs and wants.
- Using methods that work humanely with ANY dog. Big dogs, small dogs, puppies, senior dogs, disabled dogs, fearful dogs, reactive dogs... can all learn and have fun!

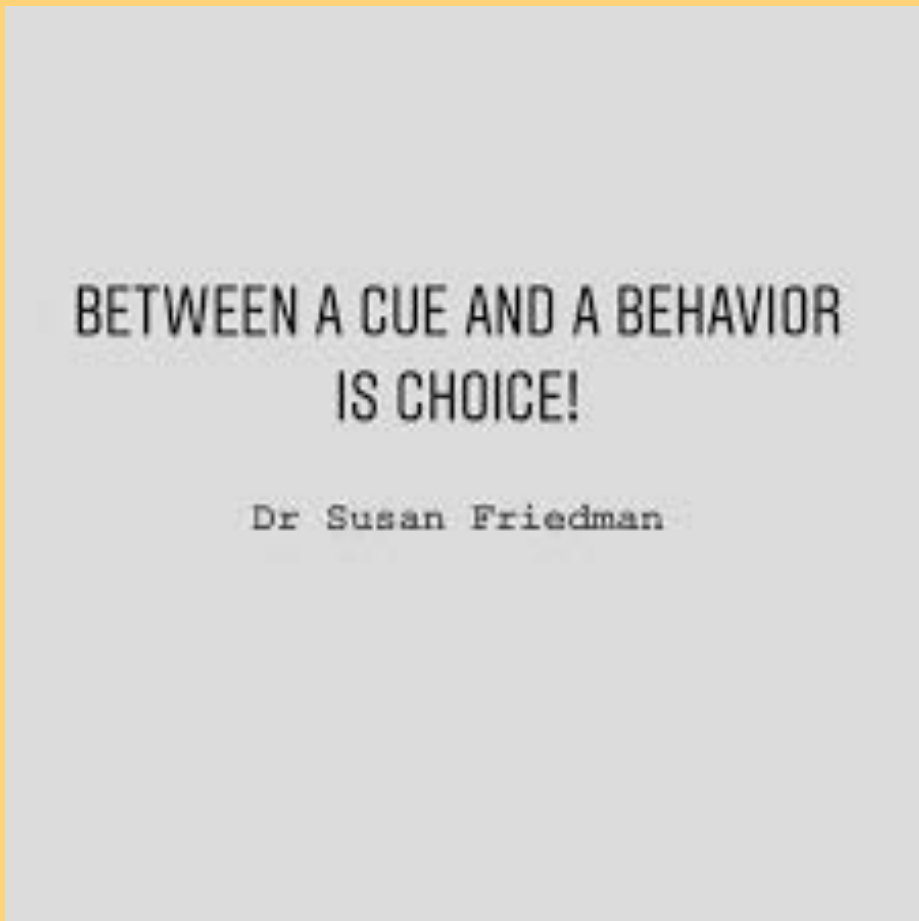

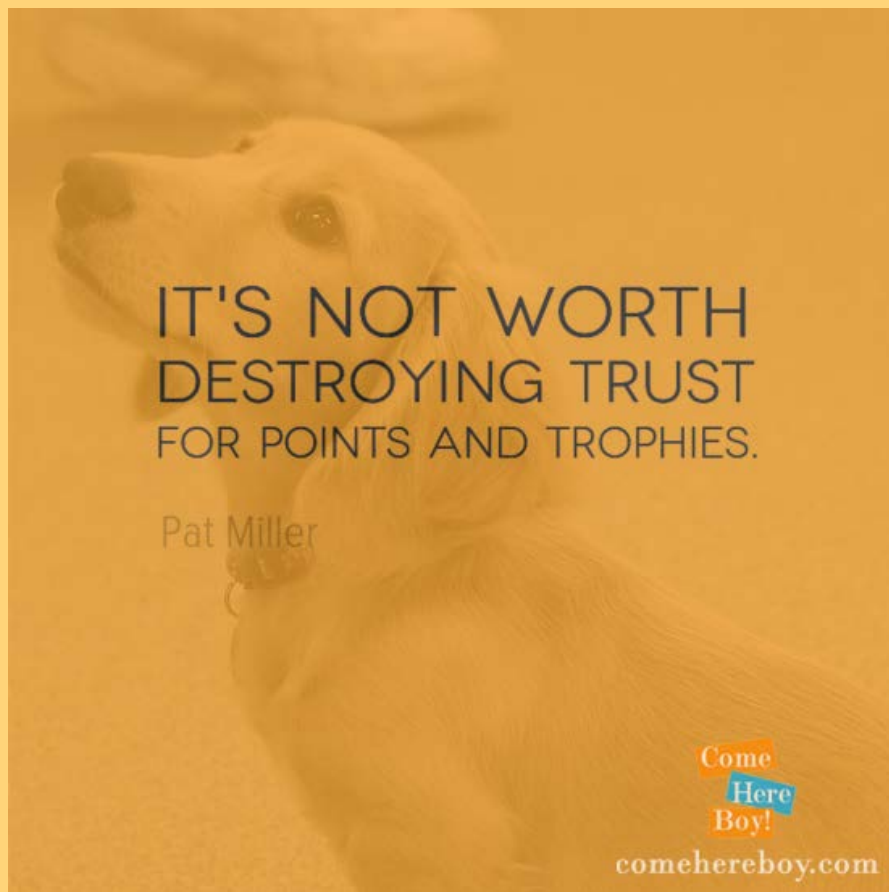

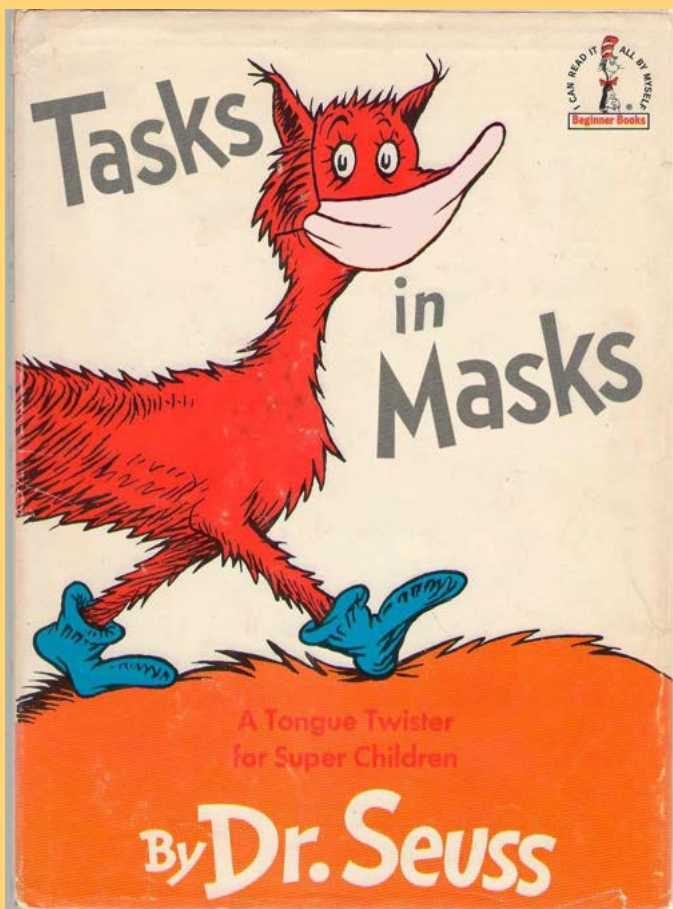

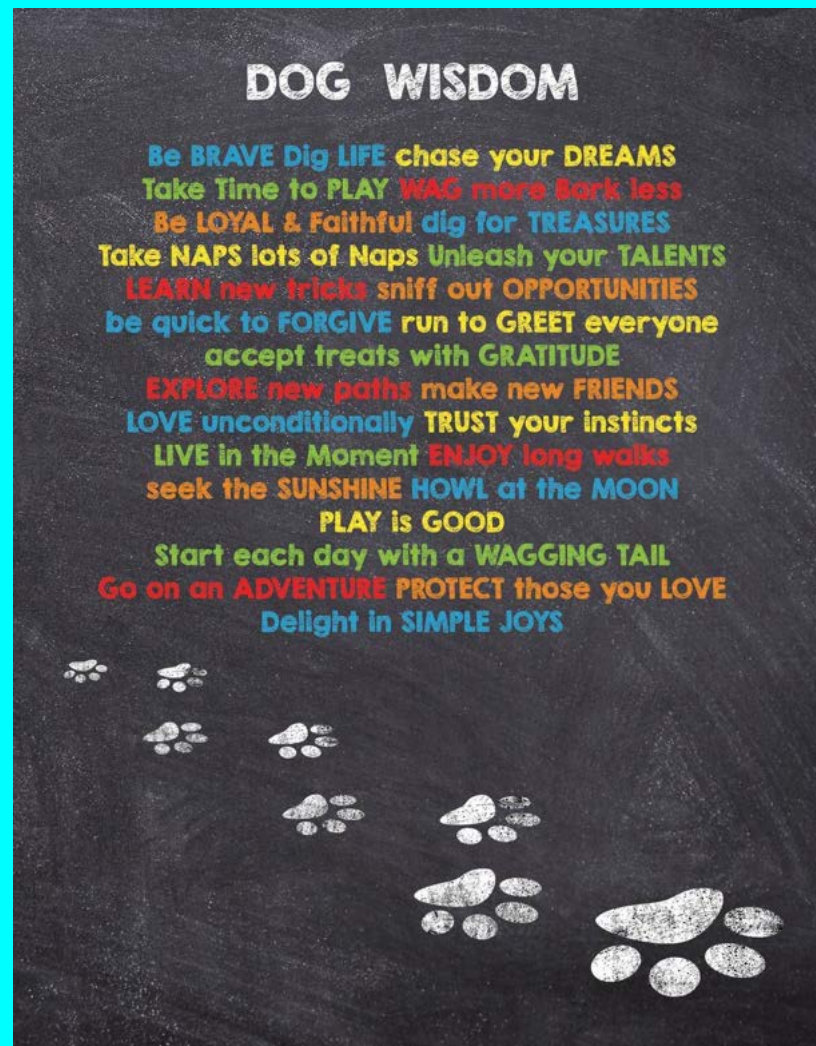

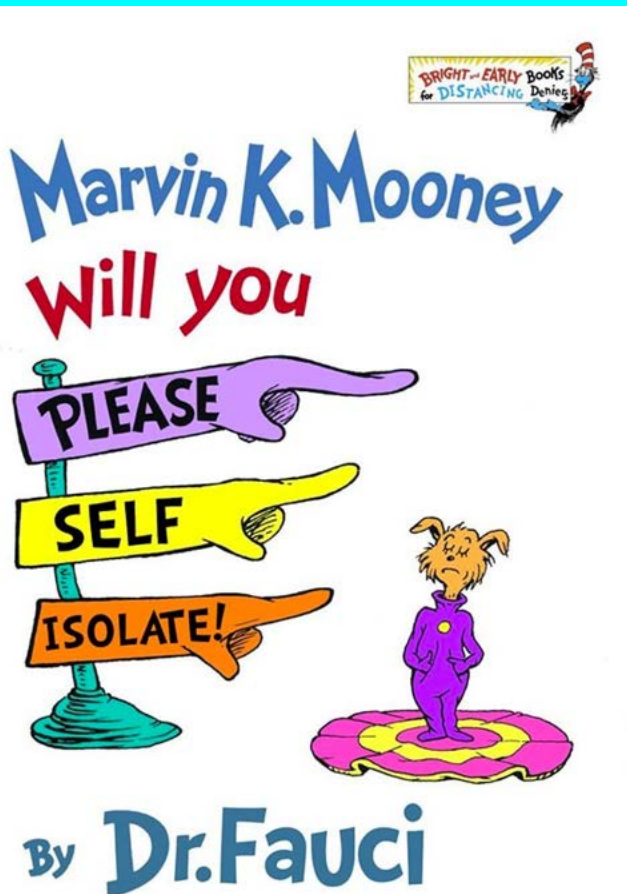

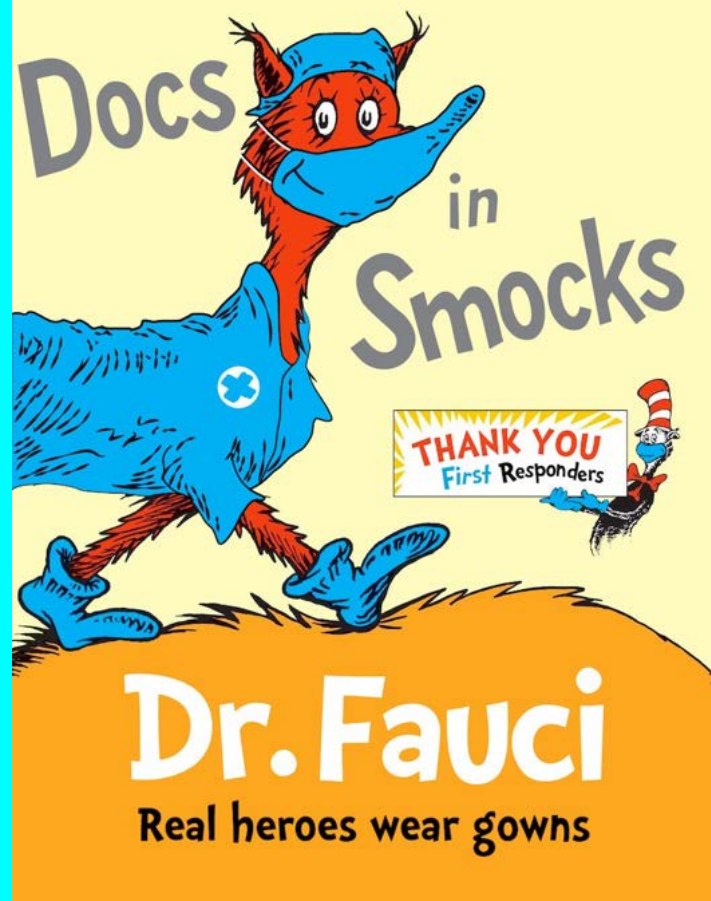

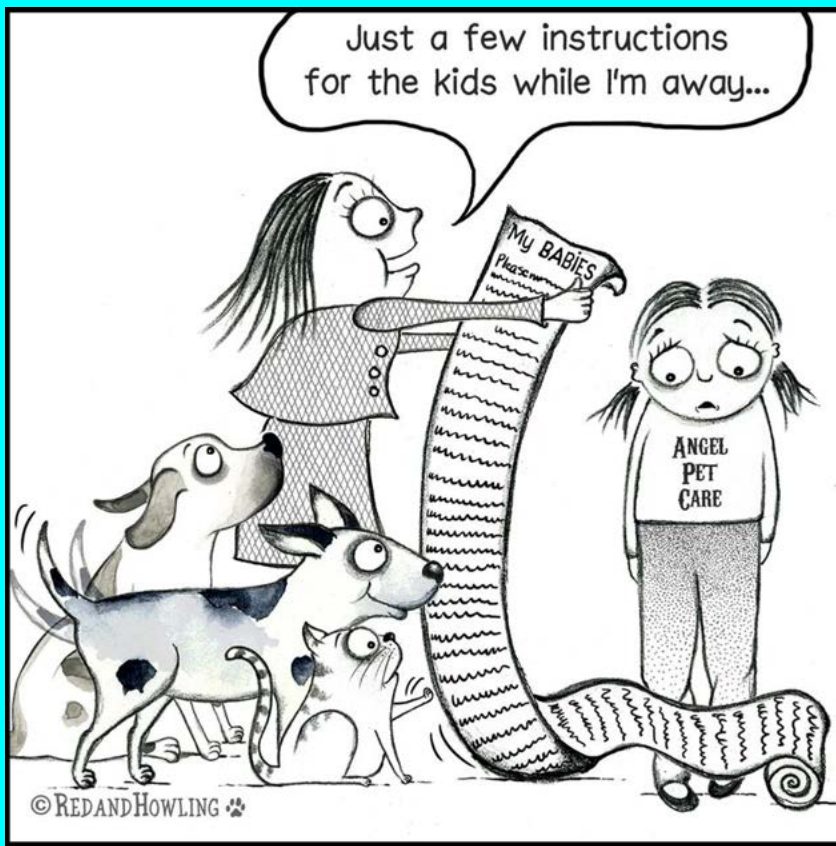

1. develop dog's self-control
2. develop a trust relationship
3. develop dog's self-confidence

# The Young Person's Guide To **WOOFS** and **GROWLS**

Dogs are different to people. Clarissa will show us what to do - and what not to do around dogs.

**Never** put your face near a dog's face.

**Be quiet** and walk slowly. Dogs get scared of loud noises and fast movement.

**Always wait** for a dog to come to you. If they want to be stroked or play, they will ask!

**Never** disturb dogs when they are sleeping.

**Never** go up to a dog when they are eating.

**Never** go up to or touch a dog you don't know.

Dogs growl when they are angry or scared.  
Fold your arms and **walk away slowly**.

## Oh, the Places You Won't Go!

# How to Socialize Your Dog?

Positive socialization is an important aspect of caring for your pet dog. Take him to explore new places and meet other people and animals and reward him for every successful interaction.

## Socializing with New People

Introduce one person at a time, starting with family

Have the people he's meeting offer him treats or his favorite toys.

Consider dog classes

Take him to the pet store with you when you go buy supplies.

## Socializing with Other Animals

Train him to pay attention to you in a distraction-free environment.

Allow him to watch animals from a safe distance first.

Set up play dates.

Don't push if he hesitates or barks. Try again the next day.

## New Things and Environments

Let your dog walk on grass, cement, and different surfaces.

Take him to the park.

Take your dog to see bodies of water.

Visit the woods.

## Remember: Follow your dog's cue!

If he seems to be having a good time, then you've done a good job training your dog how to socialize! However, it's also possible he won't seem comfortable, get overexcited, or appear shy or fearful on the first tries. Be patient even if your dog's progress is slow.

Just take a step back and try again the next day!
